

LAUREN MILNER

User Experience | Product Designer

UX Designer with an active public trust clearance and a focus on accessible, research-driven design for federal platforms.

EMPLOYMENT HISTORY

UX DESIGNER

Nov 2023 – Present

Phase 2 (UX Contractor for U.S. Citizen and Immigration Services)

- ♦ Obtained an active public trust clearance.
- ♦ Worked as a UX designer on a mission-critical USCIS platform servicing over 8 million people.
- ♦ Redesigned a user interface component, resulting in a 70% reduction in support tickets, minimizing recurring user issues, and reducing maintenance overhead.
- ♦ Ensured Section 508 and WCAG compliance in all UI designs and design system components through audits, testing with assistive technologies, and collaboration with developers.
- ♦ Conducted in-person and virtual usability tests and presented findings to stakeholders, resulting in a 30% increase in task completion rate.
- ♦ Assisted in converting a design system from Axure to Figma for a federal government product that cut styling inconsistencies by 50%.
- ♦ Collaborated with a cross-functional team including product managers, developers, designers, and content managers to align on user needs and deliver intuitive interfaces.

USER EXPERIENCE DESIGN INTERN

May 2022 – May 2023

US Department of Homeland Security

- ♦ Increased user satisfaction for DHS microsites by 26%.
- ♦ Received national recognition for the UX research conducted on DHS.gov.
- ♦ Evaluated the user experience of the DHS.gov website and microsites for overall improvement and presented findings to stakeholders.
- ♦ Led employee training on software such as Drupal and Google Analytics.
- ♦ Provided monthly reports on website analytics for DHS.gov.
- ♦ Consulted with supervisors, designers, project managers, and engineers throughout the organization to analyze their needs and propose new methods of improvement for the department.

IT MARKETING COMMUNICATIONS ASSISTANT

Feb 2022 – May 2022

Mercer University IT Department

- ♦ Redesigned and maintained the IT department website, improving usability and navigation for a user base of 9,000+ students.
- ♦ Managed content strategy across social media channels (Instagram, Twitter, Facebook), tailoring messaging to improve user engagement and comprehension.

INTERN, WEBSITE DESIGN TEAM

May 2019 – Aug 2021

Georgia Humanities

- ♦ Collaborated cross-functionally with project managers and website managers to maintain site content that served over 2.2 million yearly users and improve the user experience of organizational web pages.
